Thirty-nine Life Teaching Certificate and Five in Journalism Granted.

Bachelor of The World

NORMAN, Okla., May 17.—Degrees will be granted by the University of Oklahoma to 193 students at the commencement exercises June 10, according to a list of probable graduates given out by the registrar's office.

Some of these students have irregularities of various kinds in their credits which must be straightened out before June 10, but it is expected that all of them will get through.

The number of degrees to be granted is 118, less than 24 less than the number awarded last year and 14 less than the number in 1917. This condition is due to the large numbers of students who have gone in military service.

Only 85, or less than half the total number of graduates, are men. Usually the proportion is about two-thirds men and one-third women.

The degree of bachelor of arts will be awarded to 118 students. Of these 45 gain their given life teaching certificates and 55 will get certificates in journalism.

Gets \$50,000 for Tar and Feathers Applied by 11 Texas Citizens

SAN ANTONIO, Texas, May 17.—A verdict of \$50,000 was obtained in the district court here today by W. E. Keller, against 11 citizens of Luling, Caldwell county, Texas, on the ground of damages growing out of the tar and feathering of Keller in May, 1918, at Luling.

Keller sued for \$50,000. His petition for damages states that on May 17, 1918, he had a coat of coarse tar and feathers applied to him, put a leather bearing "To inform others take warning" on him, marched him through the streets and ran him out of the country. It was alleged that the tar and feathers were applied because of reported abuse by Keller of the Red Cross, the United States and the American soldiers.
